## IMPORTANT SUGGESTIONS

AND-

## INSTRUCTIONS TO SUBSCRIBERS

- 1. Always call by number.
- 2. Answer your 'phone promptly. It expedites the service for you and every other subscriber.
  - 3. Press the telephone firmly to the ear. It is important.
- 4. Don't Shout—it does no good; speak in an ordinary tone of voice, with the lips within an inch of the transmitter; enunciate distinctly.
- 5. Always hang up the telephone (with the ear-piece down) after finishing a conversation; otherwise the battery will soon be exhausted and you cannot be heard—your bell will be cut out, and you cannot be called from the Central office.
- 6. BUSY—Means that the line wanted is in use by some one else. Every connection means two busy lines.
- 7. Operators are required to be polite under all circumstances; please extend to them the same consideration.
- 8. DO NOT USE THE TELEPHONE DURING A THUNDER STORM.
- 9. Operators cannot carry on conversations; their entire attention is required to execute orders for connections.
- 10. The use of profane or obscene language through the telephone is forbidden.
- 11. The tolls of all long-line conversations, by whomsoever made, WILL BE CHARGED TO THE SUBSCRIBER AT WHOSE STATION THEY ORIGINATE. Non-subscribers are required to pay in advance for all toll messages.
- 12. Rates on all long lines are for conversations of three minutes or less. Each additional minute or fraction thereof will be charged for at tariff rates.
- 13. After finishing a conversation, "ring off" to notify "Central" you are through talking.
- 14. Report all trouble to Local Manager. Should this fail to bring the proper attention, communicate in writing with the General Office of the Company.

# What Shall We Drink?

MERICANS consume more coffee than all other civilized nations combined. (The English drink more tea.) We are the largest consumers of meats. We are rapidly developing into a race of dyspeptics, with the attendant ills of nervousness, hysteria and discontent. "Cold drinks," and the insidious stimulants of the Soda Fountain, are leading our boys and girls to the "dope" habit, -worse even than whiskey, because under harmless guise and because the dope fiend sinks lower in moral degradation than the drunkard.

What is the solution? Drink wine in moderation, of proper types, with the meals, as the Europeans do. The French and Italian working people even drink wine with every meal, in the place of tea or coffee or meat even. With bread, it constitutes a wholesome, perfect diet; and where so used, there is never any thought of intemperate use of alcoholic liquors. Americans must become educated to this example,—set by our Master Himself,—ere we solve the temperance problem now facing us. Wine is the anti-toxin for intemperance.

But Americans will not adopt this policy at once, so in the meantime every family should keep at least one case of assorted wine in the home as a tonic. Wine, closely resembling the human body in its constituent elements, is one of the greatest restorers of wasted vital forces, and is the element chiefly relied on by compounders of such tonics as "beef, wine and iron. Besides, it is a delightful accessory to the entertainment of any guest, but use it properly, in the home, with the meals. Its proper use will not create a thirst for stronger liquors.

For the aged who need a mild stimulant, a glass of our red, light-port type. Pocahontas, will be found beneficial. For the person suffering from dyspepsia, who does not like a claret or red wine, our Minnehaha will be found delightful and benefi-cial For general use on all occasions, our Virginia Dare is unsurpassed. For a child, in its second summer even, a few drops of our Old North State Blackberry, pure and well aged, will be found of great aid while teething. It should be given in water, under advice of physician. For the invalid, suffering from nausea, Champaigne will remain on the stomach when nothing else will, and prove a most acceptable restorer of strength.

## USE OF TELEPHONE BY NON-SUBSCRIBERS.

The use of the telephone is limited to the subscriber, his family or his employee in his interest. Subscribers have no right to allow its use by other parties. Instruments may be removed if this condition of lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PAY STATION. All persons, whether subscribers or not, must pay for the use of the telephone at public stations.

#### SUBSCRIBERS' NAMES AND NUMBERS.

The companies assume no liability whatever for errors or omission of names or number in the making up or printing of the Directory, nor can the permanency of a number assigned be always assured.

#### EMERGENCIES.

In case of sickness, fire or other emergency, it is the wish of the companies that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the companies do not assume any responsibility.

## TELEGRAMS BY TELEPHONE.

Subscribers will be connected with the offices of the telegraph companies for the purpose of sending or receiving dispatches, but they must first arrange with the telegraph company, by personal application to the company's office, for the reception and transmission of their telegrams outward or inward, and payment for the charges. The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages. There will be no additional charge for the use of the telephones for the transmission of such messages for subscribers.

## LINE IN USE.

About 10 per cent of all calls strike a "line in use." This can readily be understood from the fact that each wire is connected upon an average fifteen times a day. On some wires this average is more than trebled. Operators will inform subscribers

when lines are in use. It is easier to make the connection than to report the line "busy," and operators do not make the report to save labor, as subscribers can readily learn by a visit to the Exchange. When a line is reported "busy," immediately replace the receiver on the hook and wait a reasonable time before again asking for the connection, rather than hold the line to ask questions of the operator and thus prevent others using the line. This is essential to good service.

# LONG DISTANCE SERVICE.

# IMPORTANT INSTRUCTIONS AND SUGGESTIONS TO USERS OF TOLL SERVICE.

Employees of this Company are forbidden to Accept either Oral or Written Messages to be Transmitted by an Employee of this Company over the Lines of this Company.

Toll Calls are always charged to the telephone at which the call originates.

## COLLECT MESSAGES.

Messages can only be sent collect when advance notice is given to the Toll Operator, who will give the connection when assured that such collection will be satisfactory.

## LENGTH OF CALL.

The Subscriber, for his own protection, should always note the time, as Toll Rates are all based on three minutes or fractions thereof.

## RATES AND CHARGES.

The Day Rate is in effect from 6 a.m. to 6 p.m., and the Night rate from 6 p.m. to 6 a.m., and is approximately one-half that of the Day Rate, with a minimum Night Rate of 15 cents for each three minutes or fraction thereof.

A call originating under the Day Rate and continuing until after the night rate has taken effect will be treated as follows: For the first three minutes, Day Rate will be charged, for bal-

ance of conversation, Night Rate, viz: Call beginning at 5:58 p.m., and completing at 6:03 p.m., one Toll would be charged at Day Rate and one at Night Rate. The same rule will apply to calls changing from Night to Day Rate.

## TOLL COLLECTED.

A Toll will always be charged when the individual or number called is obtained. For example: If John Smith, at No. 17, Henderson, is called for, and the Operator reports Smith not in, no charge is made. If, however, No. 17, Henderson, is called and the connection given with this number, a Toll will be charged even though Smith is not in.

#### HOW TO MAKE A TOLL CALL.

Ring Central and give to the Operator the name of person, what town and telephone number (if known) wanted. This is absolutely necessary, as the Operator will not give connection with a Toll Station or other Exchange. Then hang up your telephone; it may take an hour to get the party if they have no telephone. The Operator will, when the party called is at the telephone, ring you and so state. At once announce yourself and utilize time for conversation, which is otherwise lost in identification; a Toll is timed and charged from the time both parties answer.

## MESSENGER OR APPOINTMENT CALLS.

When a party is wanted who has no telephone, the operator will make every reasonable endeavor to get the same to the telephone. Should it be necessary, however, to pay a messenger fee to get person wanted the same will be charged to subscriber making the call.

Appointments will be made with persons having no telephone either by mail, messenger or otherwise, and if the party called fails to keep the appointment, no charge is made except for messenger service, in case a fee has been paid.

## HOW TO TALK.

When using the Long Distance lines, speak slowly and distinctly, directly into the transmitter, with lips very close to the same. Press the receiver firmly against the ear. Shouting does no good—lips very close to transmitter and directly in front of same does.

Gentlemen:—My wife and I have just finished using the Buckhorn Lithia Water sent us a few days ago, and I am prepared to state that it is the finest Lithia Water I have ever used. It has the combined qualities of tonic, laxative, stomachic, and diuretic. I wish you the success in advertising this water that its merits deserve.

Gentlemen:—It gives me pleasure to state that I have been using myself, and prescribing for my patients, the Buckhorn Lithia Water very freely for several months and I do not hesitate to recommend it in the highest terms.

In litheamia, in rheumatic and gouty conditions and the certain cases of constipation I have seen excellent results follow its use. It is an exceedingly pleasant drinking water.

Very truly yours.

ALL STATIONS EQUIPPED WITH METALLIC CIRCUITS AND LONG-DISTANCE TELEPHONES.

A great many subscribers hang up their receivers when they wish to make a second call. THIS SHOULD NOT BE DONE, as it is a signal for the operator to disconnect. Simply move the lever up and down two or three times slowly, and the operator will answer you.

# Think More—Spend Less

HY is it that the average man is worth so much less in money and property than we have a right to expect him to be? It isn't because he doesn't make the money, for the average man is industrious and has earned from \$10,000 to \$30,000 in the past ten years. It is because he doesn't give much serious thought either to his income or his outgo. Serious thought would teach him the true value of a dollar; then he would spend carefully and save steadily. That system soon places any man ahead of his fellows.

A bank account helps you to realize the value of money and aid you in handling your financial affairs.

We invite your account and will help you to save

# Think More—Spend Less

6-2. Harris, C. P. (T) ......Store

HY is it that the average man is worth so much less in money and property than we have a right to expect him to be? It isn't because he doesn't make the money, for the average man is industrious and has earned from \$10,000 to \$30,000 in the past ten years. It is because he doesn't give much serious thought either to his income or his outgo. Serious thought would teach him the true value of a dollar; then he would spend carefully and save steadily. That system soon places any man ahead of his fellows.

A bank account helps you to realize the value of money and aid you in handling your financial affairs.

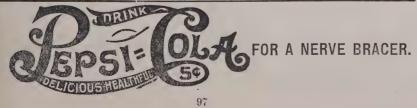

We invite your account and will help you to save

ALL STATIONS EQUIPPED WITH METALLIC CIRCUITS AND LONG-DISTANCE TELEPHONES.

A great many subscribers hang up their receivers when they wish to make a second call. THIS SHOULD NOT BE DONE, as it is a signal for the operator to disconnect. Simply move the lever up and down two or three times slowly, and the operator will answer you.

ALL STATIONS EQUIPPED WITH METALLIC CIRCUITS AND LONG-DISTANCE TELEPHONES.

A great many subscribers hang up their receivers when they wish to make a second call. THIS SHOULD NOT BE DONE, as it is a signal for the operator to disconnect. Simply move the lever up and down two or three times slowly, and the operator will answer you.

HY is it that the average man is worth so much less in money and property than we have a right to expect him to be? It isn't because he doesn't make the money, for the average man is industrious and has earned from \$10,000 to \$30,000 in the past ten years. It is because he doesn't give much serious thought either to his income or his outgo. Serious thought would teach him the true value of a dollar; then he would spend carefully and save steadily. That system soon places any man ahead of his fellows.

A bank account helps you to realize the value of money and aid you in handling your financial affairs.

We invite your account and will help you to save

## ALL STATIONS EQUIPPED WITH METALLIC CIRCUITS AND LONG-DISTANCE TELEPHONES.

A great many subscribers hang up their receivers when they wish to make a second call. THIS SHOULD NOT BE DONE, as it is a signal for the operator to disconnect. Simply move the lever up and down two or three times slowly, and the operator will answer you.

# Think More—Spend Less

HY is it that the average man is worth so much less in money and property than we have a right to expect him to be? It isn't because he doesn't make the money, for the average man is industrious and has earned from \$10,000 to \$30,000 in the past ten years. It is because he doesn't give much serious thought either to his income or his outgo. Serious thought would teach him the true value of a dollar; then he would spend carefully and save steadily. That system soon places any man ahead of his fellows.

A bank account helps you to realize the value of money and aid you in handling your financial affairs.

We invite your account and will help you to save

#### INTERESTING INFORMATION

ON MAY 1, 1902, THE OLD CONSERVATIVE

# PENN MUTUAL

#### LIFE INSURANCE COMPANY

• OF PHILADELPHIA • MARKET

Adjusted its Rates and Values to a
Three Per Cent
Reserve Basis

thereby furnishing in its new contracts the largest Guaranteed Cash Surrender, Loan (5 Per Cent) Paid-up and Automatic Extension Values.

With even greater dividends than heretofore, this will enable the Penn to furnish the insurer with previous PROTECTION AT A NOMINAL COST IN CASE OF LAPSE, and to him who fortunately carries the policy to maturity or death. THE MOST PROFITABLE INVESTMENT, CONSIDERING THE ABSOLUTE SAFETY.

#### ALL KINDS OF DESIRABLE CONTRACTS ISSUED

including, in addition to the usual Ordinary Life, Limited Payment Life and Endowments on various plans, CONTINUOUS INSTALMENT POLICIES, with income for life; FIVE PER CENT GOLD BONDS, paying to the beneficiary 5 per cent annually on the principal for 20 years and then the principal; cheap 10 year CONVERTIBLE TERM policies costing at age 35 only \$14.80 per \$1,000.00, and many others.

All Policies Practically Incontestable from Date; absolutely so after one year.

All Policies Participate in Profits of the Company, with Annual, Deferred, or Guaranteed Dividends

Is an ideal place for

## Health, Pleasure, Rest and Comfort Hil the Year Round

because of what
NATURE, SCIENCE and ART
have done for it.

ART has beautified and adorned it,

SCIENCE has equipped it with the famous BARUCH BATHS and the most approved SANITARIUM APPOINTMENTS; and

NATURE has done her best in the now famous Mineral Springs of

CHLORIDE CALCIUM, the only known water of its kind in this country or Europe, and of

LITHIA, containing many fine medicinal properties, besides the amount of Lithia equal to any in existence, the combined use of which splendid waters effects wonderful cures in cases of Rheumatism, Eczema, Malarial Poison, Nervous Troubles and conditions showing presence of Uric Acid.

Voluntary Testimonials received constantly from our guests.
